Description

Protect your garden and orchard naturally and effectively with this realistic-looking owl scarecrow. Its 360° rotating head simulates the natural movement of a predator, deterring birds, rodents, and other unwanted animals from approaching your plants and crops.

Made of weather-resistant PE, this owl is designed to withstand outdoor conditions and maintain its appearance for a long time. Its detailed design and realistic colors make it a discreet and functional decorative element for your garden.

Easy to install, simply place it in a visible and strategic location. It requires no batteries or maintenance, offering an ecological and economical solution to protect your outdoor spaces.
