Description

The 218mm adjustable wrench is an essential tool for adjustment and repair work around the home or workshop. Featuring a large 38mm center knurl, this wrench offers the versatility needed to adapt to different sizes of nuts and bolts. Its ergonomic handle with rubber grip provides comfort and control during extended use.

In addition, its high-quality phosphate finish ensures greater resistance to corrosion and wear, extending the life of the tool. With the "Ergo" design, this adjustable wrench combines functionality and comfort in a compact and durable design. Don't miss the opportunity to have this wrench in your tool kit!
