Description

The 6-piece broken screw extractor set is the perfect solution for effectively removing damaged or broken screws. Made of HSS4341 material with a hardness of HRC63, it ensures greater durability and strength. With assorted sizes to suit different needs, this set includes 6 pieces (0, 1, 2 (x2), 3, 4) to cover a wide range of screws. Its design allows for quick and easy extraction, saving time and effort on repair or maintenance work. With this extractor, you can get rid of stubborn screws without damaging the surface, making it a must-have tool for professionals and DIY enthusiasts.
