Description

The white nylon solar lantern is a stylish and functional option for lighting your garden or terrace. Featuring a steady, warm white light, this lantern features a rechargeable battery that provides approximately 6 hours of battery life. Its on/off switch makes it easy to use, and it also turns on automatically in the dark, thanks to its built-in sensor. Equipped with a 2V solar panel and a replaceable battery, this lantern is a sustainable and low-maintenance solution. Measuring 20 cm in diameter x 23 cm in height, this solar lantern is a versatile and durable option for efficiently and elegantly lighting your outdoor spaces.
