Description

The solar string light with colored bulbs is the perfect complement to decorate your garden. With two light functions (steady and flashing), this 4.5m long string light with 5m of black cable is easy to install thanks to its solar panel with stake and rechargeable battery. Its automatic switch-on in the dark guarantees efficient lighting for approximately 6 hours. In addition, its 1.2V battery is replaceable, extending the product's lifespan. With a durable plastic design and a variety of colors, this string light offers a warm and welcoming atmosphere in any outdoor space. Enjoy the versatility of its functions and the convenience of its solar power supply.
