Description

The 25mm diameter PVC flexible bend is an ideal product for joining rigid PVC pipes in plumbing projects. It comes in a pack of 10, making installation easier and saving time purchasing materials. Its flexibility allows it to adapt to different angles, ensuring a secure and long-lasting connection. Made of high-quality PVC material, this bend is resistant to corrosion and moisture, making it ideal for installations in humid environments. With this flexible bend, you can make precise and efficient connections in your plumbing projects, ensuring a professional and long-lasting result.

Material: PVC

Includes: 10 units

Suitable: For joining rigid PVC pipe

Type: Bend

Feature: Flexible
