Description

The 22/24 mm Universal Connector with Ideal Adapter is the perfect solution for quick and convenient water connection. Its clip makes installation easy without the need for tools, making it an effective and practical option. This adapter fits taps with an outer diameter of 22 mm and an inner diameter of 24 mm, ensuring a secure, leak-free connection. With a maximum pressure of 6 bar, this connector is strong and durable, ensuring optimal performance at all times. It also includes a 22/24 mm adapter for greater versatility and compatibility with different types of taps. Make your water connections simpler and more efficient with this high-quality universal connector!
