Description

The Ideal 3/4" Quick Connector with Valve is an essential tool for controlling your water supply conveniently and efficiently. Its rotating valve makes it easy to adjust or shut off the water flow, while clear markings make it easy to identify. With a maximum pressure rating of 6 bar, this connector is robust and durable. Its compatibility with 3/4" connections makes it versatile and easy to integrate into different irrigation systems. With this connector, you can maintain precise control over the water flow in your garden or irrigation system, ensuring optimal and efficient operation. Take advantage of this quick connector with valve to optimize your irrigation system.
