Description

The Vulcano E-25 TR Basic ST-314 pruning shears are an electric pruning tool with a hyper-responsive trigger that activates the blade with each press. With two blade openings (20 or 25 mm) and a 150W brushless motor, they are ideal for thin branches. Their weight of 900 g and length of 29 cm make them easy to handle and transport. They also feature an ergonomic design that reduces fatigue during prolonged use. The E-25 TR Basic model offers optimal performance in gardening and agricultural work, guaranteeing clean and precise cuts. With a power of 150 W, these electric pruning shears are an indispensable tool for professionals seeking efficiency and quality in their daily work.
