Description

The hsd 68/100 dust extraction system is the perfect solution for maintaining a clean environment during hole saw and drill bit work. With an efficient and easy-to-use design, this system ensures dust removal from walls, floors, and ceilings, improving air quality and workplace safety. Its powerful motor and high-efficiency filtration capacity ensure optimal performance in collecting fine and coarse particles. Plus, its compact size and light weight make it easy to transport and store. With the hsd 68/100 dust extraction system, you can work cleaner and safer, without worrying about air pollution in your work environment.

Specifications

EAN	4006885595408
