Description

The black S5 SRC charcoal safety boot in size 44 is an ideal choice for jobs that require foot protection. Made with high-quality materials, it features a steel toe cap for added protection, as well as ankle protection and a puncture-resistant insole to ensure wearer safety. Its non-slip PVC design provides stability on slippery surfaces, complying with EN ISO 20345:2011. With advanced features such as a high shaft and a durable construction, this boot offers complete protection for workers facing risks in their work environment. It ensures foot comfort and safety during long workdays.
