

Product sheet

Tin reel with resin Ø1.5mm (100g)

Brand: ONLEX

Reference: ALFA 27033

Onlex 1.5mm rosin solder reel with 100 grams is a high-quality soldering material. With a composition of tin, lead, and rosin, it guarantees optimal adhesion and a melting range of 210-227°C. It complies with the RoHS directive and is ideal for electronics work.

Description

The Onlex 1.5mm, 100-gram rosin-coated solder reel is a high-quality product designed for electronic soldering. Composed of 30% tin, 70% lead, and 3% rosin, this material guarantees optimal adhesion and a melting range of 210-227°C for precise and long-lasting results.

Thanks to its wire design, this solder is easy to apply, allowing for precise and efficient soldering. Furthermore, once applied, its surface will not oxidize, ensuring a long-lasting and reliable connection. It complies with the RoHS directive, guaranteeing safety and quality in its manufacture.

With the Onlex rosin-coated solder reel, you can perform professional soldering work and obtain high-quality results in your electronic projects.

Specifications

High	7cm
Width	6cm
Diameter	6cm
EAN	8425160270339
Material	Resin, Estaño
Measures	100g, Ø6x7cm
Weight (kg)	0,265
