Reference: ALFA 49723

Handlock R15 30x40 brass security cylinder with a 10-piston system for greater durability. Includes 5 plastic-headed keys and is suitable for master keying. Offers anti-bumping, anti-drill, anti-break, anti-crowbar, anti-extraction, and anti-pick protection. Durability exceeds 100,000 cycles.

[View product online](#)**Description**

The Handlock R15 30x40 brass security cylinder is a high-quality, durable product. Featuring a 10-piston system, this cylinder offers advanced protection against tampering techniques such as bumping, drilling, breaking, prying, extraction, and lockpicking. Its durability of over 100,000 cycles ensures optimal performance over time. This cylinder is suitable for master keying and features a high level of security, classified as level 4. It includes 5 plastic-headed key blanks, each with security dots for added protection. Compatible with the JMA CI-21 key blank (42705), this cylinder is ideal for those looking for a secure and reliable solution for their locks.

Specifications

EAN	8425160497231
