Description

The Akhuo plug-in insect killer is an effective and safe device for eliminating insects indoors. Featuring a 1W UV fluorescent tube, this lamp has a range of 12 m², attracting insects to the light and eliminating them with its protective grid. Its LED operation ensures lower energy consumption, while its silent, chemical-free, odor-free, and liquid-free design makes it ideal for homes, stalls, and public places. Made of flame-retardant ABS, this insect killer is easy to use by simply plugging it directly into a 220-240V ~ 50Hz outlet. With a range of 12 m², this lamp is an effective and safe solution for keeping spaces insect-free.

Specifications
