Description

The Akhuo LED insect killer is an effective and safe device for eliminating insects indoors. Featuring a 3W UV LED fluorescent tube, this lamp has an operating range of 20 m², attracting insects to the light and eliminating them with its protective grid. Its compact and versatile design allows it to be placed on flat surfaces or hung thanks to its built-in ring. This product is ideal for homes, stalls, and public places, as it uses no chemicals, odors, or liquids, ensuring a clean and safe environment. With minimal energy consumption and quiet operation, the Akhuo LED insect killer is an efficient and practical solution for keeping spaces pest-free.
