Description

The 30g/m² disposable white polypropylene gown is the perfect solution for protecting clothing from stains and splashes. Made from non-woven polypropylene, this gown offers comfort and protection thanks to its Velcro front closure and elastic cuffs that ensure a secure fit. Its lightweight and breathable design makes it ideal for cleaning tasks, laboratories, the food industry, healthcare, and other jobs requiring protection. The one-size-fits-all design fits different users without restricting movement, and its single-pack packaging makes it convenient and easy to use. It protects both the user and their clothing, offering a practical and effective solution for demanding work environments.
