Description

The ergonomic nutcracker made of chrome-colored stainless steel is the ideal tool for cracking all types of nuts safely and quickly. Its ergonomic design fits perfectly in the hand, making it easy to apply force with every use. Made of AISI 420 stainless steel, it guarantees resistance to corrosion and wear, prolonging its useful life. In addition, this material offers a balance between hardness and elasticity, preventing deformation and breakage. Its polished finish makes it easy to clean and store. Measuring 18 cm long and 4 cm wide, it is perfect for home and professional use, allowing you to crack walnuts, almonds, hazelnuts, or other nuts firmly and easily. With this nutcracker, you will enjoy a durable and efficient kitchen utensil.
