12-pole 10 mm² terminal block (450V 57A) black

Brand: TEKOX

Reference: EDM 63154

12-pole 10 mm² terminal block (450V 57A), black. 12-pole terminal block with a 10 mm² cross-section, designed with an easy-to-cut system. Supports up to 450V and 57A of current. Ideal for safe and efficient electrical connections in industrial and commercial installations.

Description

The 12-pole 10 mm² (450V 57A) black terminal block is a high-quality terminal block that offers an easy-cut system for simple and safe installation. With a 10 mm² cross-section, this terminal block is capable of supporting up to 450V and 57A of current, making it ideal for industrial and commercial applications that require a robust and reliable connection. The black color of the terminal block makes it discreet and aesthetically pleasing, adapting to any environment. With this terminal block, you can make electrical connections efficiently and safely, ensuring optimal performance in your projects. Don't hesitate to purchase this high-quality terminal block for your electrical connection needs!

Specifications

High	2,5
Rated current (A)	57
Width	2,5
Colour	Black
EAN	8429784237280
Material	Plástico
Measures	10 mm ² , 141x20,8x18 mm
Weight (kg)	0,2
Depth	15
Protection	IP20
Cable cross-section (mm ²)	10
Nominal voltage (V)	450V
Current type	AC
