Description

The E-27 "temporary construction" lamp holder in black is a practical and functional solution for your lighting needs in temporary environments.

- Type: Lamp holder
- Socket: E27
- Color: Black
- Voltage: 4 to 250 V
- Application: Temporary construction
- Power: Maximum 60 W
- Features: Screwless connection
- Cable: Section from 0.5 to 2.5 mm²
- Measurement: Ø38 x 62 mm

This lamp holder has a one-piece body that guarantees its strength and durability, ideal for construction or renovation environments where temporary lighting is required. Its screwless connection makes installation and maintenance easy, while its E27 socket allows for the use of standard bulbs up to 60W. With a voltage of 4 to 250V, this lamp holder is versatile and safe to use in a variety of situations. Plus, its black design gives it a discreet, professional look that fits in with any environment. With compact dimensions of 38 x 62 mm, this lamp holder is easy to transport and place in the desired location. Ensure efficient and reliable lighting for your temporary projects with this black E27 temporary construction lamp holder.
