Description

The **Emuca Titane Simplex pull-out side bottle rack** is the ideal solution for auxiliary low modules, combining an elegant and minimalist aesthetic with maximum functionality. Its sheet metal sides and melamine base guarantee resistance and a modern design that integrates easily into any space.

It offers front adjustment of **±2 mm vertically and ±1.5 mm horizontally**, in addition to the height adjustment integrated into the guides (4.5 mm), which facilitates precise adjustment for perfect installation. It is designed for **left-side mounting** and is compatible with modules with **16, 18 and 19**

mm tabletops, making it versatile and adaptable to different configurations.

The packaging includes the complete ribs (122 mm and 88 mm) already assembled, as well as the Silver-L full-extension guides and the trim caps to cover the adjustments, ensuring a flawless finish.
