Description

The ø14.00 x 150 mm tungsten carbide tipped stone drill bit is a high-quality, durable tool, ideal for drilling hard materials such as stone, concrete and ceramic.

- ø14.00 mm diameter
- 150 mm total length
- 90 mm working length
- 130° point angle
- Tempered for durability

Thanks to its tungsten carbide tipped edge, this drill bit guarantees a precise and clean cut every time, avoiding premature wear and ensuring a long service life. Its 130° tip angle design makes drilling into hard materials easy, allowing for efficient, trouble-free work.

- Perfect for drilling stone, concrete, and ceramic
- High wear resistance
- Compatible with commonly used drills
- Ideal for construction and DIY work
