Description

The 250mm Universal Series Chef's Knife is an indispensable tool in any kitchen, whether professional or domestic. Made with exclusive Nitrom® steel, this knife offers superior durability and resistance to chemicals and extreme temperatures.

- Blade length: 250 mm
- Made with exclusive Nitrom® steel
- Resistant to chemicals and extreme temperatures
- Anti-corrosion stainless steel tongue and groove rivets
- Anti-bacterial system applied to the handle that reduces the presence of bacteria, fungi and mold by 99.9%

The anti-corrosion stainless steel tongue and groove rivets guarantee greater strength and durability, while the anti-bacterial system applied to the handle of the knife helps maintain optimal hygiene in the kitchen. With a 250mm blade length, this Universal Series chef's knife is perfect for cutting, chopping, and slicing all types of food with precision and ease. Whether for professional or home use, this knife is an excellent choice for any discerning cook.
