Description

The 76cm Object Reaching Clamp, model PRE900209 from the Premion brand, is a tool designed to facilitate the manipulation of objects from a distance, offering a practical and efficient solution in various situations. Its ergonomic and functional design allows you to reach items that would otherwise be difficult to pick up, ensuring comfortable and effective use.

- Total length: 76 cm, providing a wide reach.
- Constructed from high-strength materials, ensuring durability and reliability.
- Grip mechanism with rubber grippers, which allow a firm hold on objects.
- Lightweight design, facilitating maneuverability without compromising gripping strength.
- Versatile use, suitable for picking up objects in domestic, industrial or gardening environments.
- Easy to store thanks to its compact design.

This tool is especially useful in situations where it is necessary to avoid bending or excessive physical effort, contributing to user comfort. Its use extends to various applications, from picking up objects on the ground to handling items in hard-to-reach places.
