Description

The Bellota M5308 MPFVT pot handle is an innovative and functional solution for various applications. Its tri-material design combines fiberglass, polypropylene, and elastomer, ensuring exceptional durability and strength. This handle has been developed to offer a secure and comfortable grip, minimizing the risk of slipping during use.

- **Materials:** Combination of fiberglass, polypropylene, and elastomer.
- **Resistance:** High resistance to impacts and adverse conditions.
- **Dimensional stability:** Maintains its shape and functionality over time.
- **Non-slip grip:** Design that prevents slipping, ensuring safe use.
- **Applications:** Suitable for various tasks in gardening and horticulture.
