Description

The Matabi 16-litre Evolution backpack sprayer is a hand-held sprayer designed to offer versatility and efficiency in treating large surfaces, exceeding 400 m². Its ergonomic design and functionality allow for comfortable, extended use, facilitating the application of a variety of phytosanitary and natural products.

- Tank capacity: 16 liters, ideal for work in large areas.
- Includes multiple interchangeable nozzles for different application methods.
- Stainless steel lance, providing greater strength and resistance to corrosion.
- Stainless steel retainer and handle construction, ensuring high performance and durability against agrochemicals.
- Easy maintenance, without the need for additional tools.
- Pressure regulator that ensures even distribution of the applied treatment.
- Side translucent viewer that allows easy mixing of products inside the tank.
- Ambidextrous and lightweight design, optimizing ergonomics during use.
- Suitable for the application of biological, including pelargonic and acetic acids.
