Description

IBILI's 24cm induction and ceramic hob diffuser adapter is a practical solution for optimizing cooking on flat-bottomed cookware. Designed to make it easier to use pots and pans on induction and ceramic hobs, this diffuser allows for even heat distribution, improving energy efficiency and cooking quality.

- Diameter: 24cm, suitable for a variety of flat-bottomed pots and pans.
- Material: Made of 18% stainless steel, ensuring durability and corrosion resistance.
- Compatibility: Suitable for induction and ceramic hobs, allowing for use on different types of cookers.
- Design: Simulates the bottom of a pot, ensuring even heat distribution for efficient cooking.
- Easy to clean: Smooth surface that makes maintenance and cleaning after use easy.

Specifications
