Description

The 24cm round enameled roasting pan is a cookware designed to offer an efficient and even cooking experience. Its enamel finish provides a non-stick surface that makes cleaning easier and prevents food from sticking, ensuring optimal results every time. This type of roasting pan is suitable for a variety of cooking techniques, from grilling to baking, making it a versatile tool in the kitchen.

- Diameter: 24 cm, ideal for medium to large portions.
- Material: Enameled steel, providing even heat distribution.
- Non-stick finish: makes cleaning easier and reduces the use of fat.
- Compatible with different heat sources, including gas, electric, and ceramic hobs.
- Round design allows for even cooking of food.
- High temperature resistant, suitable for roasting and oven baking.
- Lightweight and easy to handle, simplifying its use in everyday cooking.
