

## Product sheet

# Irimo 18V Brushless Drill Driver with 2 IC-D1 Batteries

Brand: IRIMO

Reference: ALM 3068.1010

This drill driver stands out for its brushless motor, which guarantees durability and efficiency. Its ergonomic design and dual-component grip provide comfort during extended use. With multiple speed and torque settings, it's ideal for a variety of applications, making it easy to drive and drill into a wide range of materials.

## Description

The Irimo 18V IC-D1 drill/driver combines power and versatility in an ergonomic, easy-to-handle design. Equipped with a brushless drive motor, this tool stands out for its durability and efficiency, offering optimal performance for both screwdriving and drilling tasks. Its compact and lightweight design makes it easy to use for extended periods of time without fatigue.

- High-quality 10 mm Röhm automatic chuck.
- Powerful torque up to 40 Nm.
- 2-in-1 tool with screwdriving and drilling functions.
- Two speed settings: 0 RPM to 400 RPM and 0 RPM to 1500 RPM.
- 22 torque settings and 1 drill position.
- Brushless motor eliminates wear and improves efficiency.
- Progressive trigger allows precise control in both speed/torque settings.
- One-handed rotation direction change.
- Ergonomic soft-grip for optimal grip.
- Built-in LED light illuminates the work area.

## Specifications

|                     |               |
|---------------------|---------------|
| EAN                 | 8414909249422 |
| Manufacturer        | IRIMO         |
| Nominal voltage (V) | 18V           |
