Description

The Altuna Pruning Shears Kit combines the functionality of hand pruning tools with the durability and performance expected from high-quality products. This set includes a one-handed pruning shear, a two-handed pruning shear, and a saw, offering a comprehensive solution for a variety of gardening and plant maintenance tasks. Each tool is designed to make work easier and optimize cutting, guaranteeing effective and precise results.

- **One-handed pruning shears:** Designed for precision cuts on small branches, with an ergonomic handle that provides comfort during prolonged use.
- **Two-handed pruning shears:** Ideal for thicker branches, it has a lever system that maximizes the applied force, reducing the necessary effort.
- **Handsaw:** Cutting tool with sharp teeth that allows a clean and efficient cut in wood, thanks to its specific design to facilitate sliding.
- **Materials:** Made of high-quality steel, guaranteeing corrosion resistance and long-term durability.
- **Ergonomic design:** All tools have handles designed for a secure and comfortable grip, minimizing fatigue during use.
- **Professional use and Domestic:** Suitable for both professionals in the sector and gardening enthusiasts, offering versatility in their application.
