Description

The Ezcurra DS15 70 mm (35-35) L/Long Nickel security cylinder is an essential component for those seeking robustness and reliability in locking systems. This lock cylinder has been specifically designed to offer greater resistance to manipulation and forced entry attempts, thus guaranteeing a superior level of security for doors and access points.

- **Dimensions:** 70 mm long with a 35 mm diameter at each end.
- **Material:** Made of nickel-plated steel, which provides high resistance to corrosion and wear.
- **Closing mechanism:** 5-pin system, which increases the complexity of the lock and makes the use of lock picks difficult.
- **Certification:** Complies with security regulations, guaranteeing a level of resistance to physical attacks.
- **Installation:** Compatible with most double-cylinder locks, making it easy to integrate into existing systems.
- **Use:** Designed for entrance doors, offering a security solution for homes and businesses.
- **Durability:** Tested to withstand over 100,000 opening and closing cycles, ensuring a long service life.

Specifications

Colour	Níquel
EAN	8422359013104
Manufacturer	EZCURRA
