Description

The 1/2" female brass plug model 7161 is an essential component in plumbing systems that require a secure and durable connection. Manufactured from high-quality materials, this plug ensures optimal resistance to corrosion and pressure, making it a reliable solution for both residential and industrial applications.

- **Material:** Heavy-duty brass, ideal for humid and corrosive environments.
- **Size:** 1/2" female connection that fits various standard piping systems.
- **Maximum Pressure:** Capable of withstanding high pressures, suitable for various water applications.
- **Operating Temperature:** Works effectively over a wide temperature range, making it versatile for different conditions.
- **Regulations:** Meets industry quality and safety standards, guaranteeing performance reliable.
- **Finish:** Polished surface provides a clean aesthetic and makes cleaning and maintenance easy.
- **Installation:** Design allows for quick and easy installation in a variety of pipe configurations.

Specifications

EAN	8435136703112
Manufacturer	ALM
Material	Latón
Thread	1/2"
