Description

The 10-meter green coated wire is a versatile and durable solution, designed for a variety of gardening, craft, and DIY projects. Its green coating not only provides a pleasing aesthetic but also protects the wire from corrosion and wear, prolonging its outdoor life.

- Length: 10 meters.
- Inner diameter: 1.8 mm.
- Outer diameter: 2.6 mm.
- Material: PVC coated steel wire.
- Color: green, allowing for harmonious integration into natural settings.
- Corrosion resistance, suitable for outdoor use.
- Flexibility that makes it easy to handle and shape.

This coated wire is a reliable choice for those looking for a durable and functional material that can adapt to different needs and environments. Its design and features make it a valuable tool for projects that require support and clamping.
