Description

The Bahco 24x26mm 27M-24-26 socket wrench is a tool designed to deliver high performance in mechanical and maintenance tasks. Its robust construction and ergonomic design make it a reliable choice for professionals and DIY enthusiasts. With a high-quality finish, this wrench provides a firm grip and excellent force transmission, making it easy to work with nuts and bolts of different sizes.

- Dimensions: 24x26 mm, suitable for clamping nuts of corresponding size.
- Material: Made of chrome vanadium steel, which guarantees durability and wear resistance.
- Surface treatment: Polished finish that prevents corrosion and makes cleaning easier.
- Design: Low-profile body that allows access to tight spaces.
- Ergonomics: Handle designed for a comfortable grip and better control during use.
- Regulations: Complies with international quality and safety standards for hand tools.
