Double Brass Plug 1/2 7723

Brand: ALM

Reference: ALM 3236.0731

Featuring a robust brass construction, this double-connector allows you to join 1/2-inch pipes efficiently and safely. Its design ensures simple installation, ideal for applications in plumbing systems, and ensures durability and corrosion resistance.

Description

The 7723 1/2" Brass Double Nipple is a component designed for applications in plumbing and pipe connection systems. Made of high-quality materials, this nipple offers strength and durability, ensuring optimal performance under a variety of conditions. Its design allows for simple and effective installation, facilitating the connection between different sections of pipe.

- Material: High-strength brass, providing excellent durability and corrosion resistance.
- Dimensions: 1/2 inch, suitable for a variety of plumbing applications.
- Connection type: Double male, designed to securely join two sections of pipe.
- Operating temperature: Withstands a wide range of temperatures, making it versatile for different environments.
- Maximum pressure: Capable of withstanding high pressures, ensuring efficient operation in water systems.
- Finish: Polished surface that contributes to greater resistance to corrosion and wear.

Specifications

EAN	8435136704003
