Description

The 16-liter painter's bucket rack is an accessory designed to optimize the painting process, allowing for more efficient and controlled application of the product. Its specific design makes it easy to remove excess paint, ensuring a uniform and professional finish on every project.

- **Dimensions:** Compatible with 16-liter buckets, adapting to the needs of different painting jobs.
- **Material:** Made of resistant plastic, which ensures durability and resistance to chemicals.
- **Design:** Textured surface that allows better distribution of the paint and easy draining from the roller.
- **Weight:** Light and easy to handle, which facilitates its use in prolonged projects.
- **Compatibility:** Suitable for all types of rollers, regardless of the thickness or type of fiber.
- **Maintenance:** Easy to clean, allowing it to be reused in multiple projects without loss of quality.
