Description

The Metaltex translucent dish rack is a functional accessory designed to optimize the drying of dishes and utensils in the kitchen. With an elegant and practical design, this dish rack adapts to various decors and styles, offering an effective solution for draining water.

- Material: High-quality translucent PVC in white.
- Dimensions: 32 x 32 cm, providing a suitable area for placing plates and utensils of different sizes.
- Design: Smooth and easy-to-clean surface, making daily maintenance easier.
- Translucent: Allows partial visibility of the placed items, maintaining a tidy appearance in the kitchen.
- Durability: Made of durable materials that withstand daily use without losing their shape or functionality.
- Non-slip: Base designed to prevent accidental slipping, ensuring the stability of the dishes.
