Description

The 1/2" male brass plug model 7151 is an essential component in plumbing and plumbing systems, designed to provide a secure and durable seal on pipes in various applications. Its brass construction ensures high corrosion resistance and excellent performance in variable humidity and temperature conditions.

- **Material:** Made of brass, which ensures durability and corrosion resistance.
- **Connection:** Male, with 1/2" thread for simple and effective installation in standard pipes.
- **Dimensions:** 1/2" thread, compatible with most plumbing systems.
- **Maximum pressure:** Designed to withstand high pressures, suitable for various applications in hydraulic installations.
- **Working temperature:** Suitable for a range of temperatures, allowing its use in different environments.
- **Finish:** Polished surface that offers an aesthetic appearance and is easy to clean.

Specifications

EAN	8435136703020
Manufacturer	ALM
Material	Latón
Thread	1/2"
