Description

The R1068 rubber spring is a component designed for use in Bahco brand tools and equipment, specifically in models P3, P5, P8, P110 and P123. This spring offers a combination of flexibility and resistance, making it a reliable choice for a variety of professional applications.

- **Model:** R1068
- **Compatibility:** Bahco P3, P5, P8, P110 and P123 tools
- **Material:** High quality rubber, designed to withstand demanding conditions of use
- **Function:** Provides support and cushioning, improving the performance of the tools
- **Dimensions:** Specific to ensure a proper fit in the mentioned models
- **Durability:** Resistant to deformation and wear, guaranteeing prolonged use
- **Installation:** Easy to assemble, facilitating the maintenance of compatible tools

Specifications

EAN	7311518044398
Manufacturer	BAHCO
