Description

The 1 kg can of Tamar Grano Chimney Sweep is a product specifically formulated for cleaning chimneys and stoves that use wood, coal or pellets as fuel. Its design allows for simple and effective application, ensuring the removal of accumulated residue from the flue gas ducts.

- **Composition:** Formulation based on natural ingredients that ensure deep cleaning without damaging the materials of chimneys and stoves.
- **Function:** Effectively removes soot, embers, resins and grease incrustations generated by combustion.
- **Application:** It can be used in any type of fireplace or stove, regardless of the fuel used.
- **How to use:** It is recommended to add the product to the fire, allowing the heat action to activate its descaling properties.
- **Performance:** A 1 kg can is sufficient for several applications, depending on the degree of residue accumulation in the flues.
- **Safety:** Non-toxic and environmentally friendly product, Suitable for use in enclosed spaces with adequate ventilation.
