Description

The Bellota 8251-300 cold chisel and guard is a tool designed to offer optimal performance in drilling and cutting jobs in hard materials. Its construction in top quality steel, combined with an induction hardening and integral annealing process, guarantees exceptional durability and resistance. This cold chisel is presented as a reliable option for professionals who require high-performance tools in a variety of applications.

- Material: Top quality steel
- Heat treatment: Induction hardening and integral annealing
- Differentiated heat treatment in three areas: head, tip and body
- Optimized design for efficient cutting in hard materials
- Dimensions: 8251-300 (specify exact measurements if required)

Specifications

EAN	8414299038842
Manufacturer	BELLOTA
