Description

The 10cm, 1/8 liter plastic funnel is an essential tool in any environment where controlled and precise liquid transfer is required. Its functional design allows for versatile use, from household tasks to laboratory or workshop applications.

- Material: Made of high-quality, impact- and chemical-resistant plastic.
- Dimensions: 10cm diameter, making it easy to insert liquids into containers of different sizes.
- Capacity: Supports a maximum volume of 1/8 liter, ideal for small liquid transfers.
- Design: With a conical shape that ensures optimal fluidity and reduces spillage during pouring.
- Lightweight: Its light weight allows for easy handling and hassle-free storage.
- Easy to clean: Smooth surface that makes it easy to clean and disinfect between uses.
