Description

The Wolfpack 200/300 Amp Electrode Holder Clamp is an indispensable tool for welding jobs that require precision and safety. With an amperage capacity of 200/300 Amps, this clamp guarantees optimal performance in every task.

- Withstand amperage: 200/300 Amps
- Maximum diameter: 5 mm
- Impact-resistant fiberglass body
- Fully insulated for protection against electric shock
- Spring-loaded insulated clamping jaws to hold the electrode tight

The Wolfpack 200/300 Amp Electrode Holder Clamp, also known as electrode holder, electrode holder, welding clamp, electrode support or welding clamp, offers excellent quality and durability. Its ergonomic design makes it easy to use and ensures a firm grip during welding, preventing unwanted slipping. With this clamp, welding professionals and hobbyists can carry out their work with the confidence of having a reliable and safe tool. Whether you're an experienced welder or just starting out in the world of welding, the Wolfpack 200/300 Amp Electrode Holder Clamp is the perfect choice for your projects. Its durability, insulation, and ease of use make it a must-have accessory in any workshop or job site. Get yours and take your welding skills to the next level!

Specifications

High	4
Width	8
EAN	8435450468902
Weight (kg)	0.256
