Description

The 7mm Single Hole Ejector Punch is an essential tool for drip irrigation systems in gardens, orchards, and crops. Made of high-quality, durable plastic, this hole punch guarantees durability and corrosion resistance, ensuring long-lasting and efficient use. Key Technical Features:

- Size: 7mm diameter, ideal for drip irrigation systems.
- Material: Made of high-quality, durable plastic.
- Compatibility: Compatible with 7mm hoses.
- Ejector Function: Facilitates the piercing process in the irrigation hose.
- Use: Ideal for efficient and controlled irrigation in orchards, gardens, and crops.

With its ejector function, this single hole punch ensures a perfect fit for the drip, optimizing water use and guaranteeing even distribution throughout the irrigation system. Also known as a dripper, drip ejector, or hose nozzle, this irrigation accessory is an essential tool for keeping your plants well hydrated and healthy. Don't wait any longer to improve the efficiency of your irrigation system with this 7 mm nozzle!
