Description

The WiFi smart plug is the perfect solution to turn your home into a connected, automated space. With this device, you can control your appliances and electronic devices from your smartphone, remotely and easily.

- **Capacity:** Supports up to 16 A and 3520 W, allowing the use of high-energy consumption devices.
- **Programmable functions:** Program timers, countdowns, and more from the mobile app.
- **Compatibility:** Compatible with voice assistants such as Alexa and Google, making it even easier to use and control.
- **Easy installation:** Simply plug the plug into the power outlet and follow the instructions in the app to set it up.
- **Safety:** Designed for safe home use, with protection against overloads and overheating.
- **Wi-Fi connection:** Connect the plug to your Wi-Fi network to control it from anywhere.
- **Compact design:** Its small size allows it to be installed in any power outlet without taking up much space.
- **Resistant material:** Made with high-quality materials to ensure durability and performance.
- **Total control:** Manage your electronic devices efficiently and in a personalized way, adapting them to your daily routine.
