Description

The Battery Jump Starter with Flashlight is a compact, powerful, and multifunctional device, ideal for any roadside emergency situation. With a peak current of 600A and a starting capacity of 200A, it is compatible with gasoline vehicles up to 5000cc and diesel up to 3000cc.

- 8W, 330 lumens LED flashlight, with a range of 150 meters to illuminate any dark environment.
- 4-level LED indicator that shows the battery status for more efficient use.
- Aluminum head that works as an emergency hammer in case of need.
- Power bank function to charge electronic devices such as mobile phones or tablets.
- Portable and easy to store in the trunk of your car or in a backpack.

With the Battery Jump Starter with Flashlight, you'll be prepared for any unforeseen event on the road, whether on a long trip or in your daily life. Its durable and long-lasting design makes it an indispensable companion for cars, motorcycles, caravans, or workshops.
