Description

The round ceiling light from the CHARRO series in gray is an elegant and functional option for lighting any space. Its original design, combining metal and polycarbonate, adapts to various decors, providing a modern and sophisticated touch. This ceiling light features integrated LED technology, offering a power of 72 watts and a brightness of 6,480 lumens, ensuring efficient and quality lighting. It also allows you to select between three light temperatures (3000K, 4000K, and 6000K), making it a versatile solution for creating different environments, from a warm and cozy light to a cool and energizing white light. Its remote control and dimming option allow total control over the lighting, adapting to the needs of each moment. With dimensions of 7x40x40 centimeters, this ceiling light is ideal for bedrooms and living rooms, integrating perfectly into any decoration.
