Description

The Murray ceiling light is a modern and elegant design, ideal for any space in the home or office. Made of metal, aluminum, and acrylic, this ceiling light stands out for its white/beech structure, which combines perfectly with its innovative light wave design on a wooden base. With a power of 32 watts and an output of 3,520 lumens, this ceiling light not only illuminates but also acts as a decorative element that adds depth to the room. Its integrated LED technology guarantees significant energy savings, while the three selectable light temperatures (3000K, 4000K, and 6500K) allow the lighting to be adapted to different activities and environments. The ceiling light includes a remote control that makes it easy to control the light intensity and features a color memory function, ensuring that you can always enjoy the desired atmosphere.
