Description

The Majuelo 2000W PTC Ceramic Split Heater in white is an efficient and modern heating device, designed to provide optimal thermal comfort in any room. Made with high-quality materials such as metal, ceramic plates, and ABS, this heater features a PTC ceramic element that guarantees fast and even heating. Its adjustable power from 1000W to 2000W allows it to adapt to different heating needs, while its adjustable thermostat ensures precise control of the room temperature. This model includes a remote control and a timer function of up to 8 hours, making it easy to use and program. Its LED display shows the current temperature, and it has safety systems such as overheating protection and thermal cut-out. Its compact, wall-mounted design makes it an ideal choice for bathrooms and other small spaces, optimizing space usage without sacrificing energy efficiency.

- Power: 2000W (adjustable to 1000W)
- Heating elements: PTC ceramic
