Description

The Carrizo 2000W PTC Ceramic Split Heater in white is an efficient and modern heating device, designed to provide optimal thermal comfort in any space. Made with high-quality materials, such as metal, ceramic plates, and polycarbonate, this heater features a PTC ceramic element that guarantees fast and even heating. Its adjustable power allows you to select between 1000 and 2000 watts, adapting to the specific needs of each user. In addition, its wall-mounted design saves space, making it ideal for bathrooms and other rooms. The oscillating movement of its slats ensures a constant distribution of hot air, improving the heating efficiency in the room.
