Description

The Duger 0.4-liter thermos mug is an accessory designed to keep drinks at the desired temperature for a long period of time. Thanks to its insulated construction, it allows you to enjoy hot or cold drinks at any time, combining modern design with exceptional functionality.

- Capacity: 0.4 liters, ideal for drink portions suitable for everyday use.
- Material: Made of high-quality stainless steel, which provides strength and durability.
- Insulation: Double-wall technology that guarantees temperature retention, keeping drinks hot for up to 6 hours and cold for up to 12 hours.
- Design: Elegant and ergonomic finish that makes it easy to grip and handle, adapting to different lifestyles.
- Easy to clean: Smooth surface that prevents residue buildup and allows for easy cleaning.
- Versatile use: Suitable for both office environments and outdoor activities, adapting to various situations.
